THEMATIC SESSIONS

Young researchers symposium

Poster session

Multidisciplinary discussion of a clinical case

CALL FOR PAPERS

Interested individuals can submit an abstract by April 14, 2026

The abstracts should focus on:

- Typical or atypical development of communication and language in different forms and expressive modalities
- The interactions between language development and other developmental domains
- The role of individual and environmental factors in communication and language development

Submitted abstracts will be evaluated through a peer review process. Acceptance of the abstracts is contingent upon the payment of the CLASTA membership fee or the event registration fee by at least the first author

AWARDS

On June 5th, during the Assembly of members, the following will be awarded:

- Laura D'Odorico Award - Best Graduation Thesis in Speech and Language Therapy for the Academic Year 2024-2025
- Best Poster 2026
- 2 CLASTA grants

REGISTRATION FEE (in presence/online)

Free participation for members in good standing with the 2026 membership fee:
€80 (for scholars and professionals)
€40 (for early career scholars such as students, PhD students, and research fellows)
